

## Get Started with DeKalb County ePlans

*More Efficient Process, Saves Time and Money*

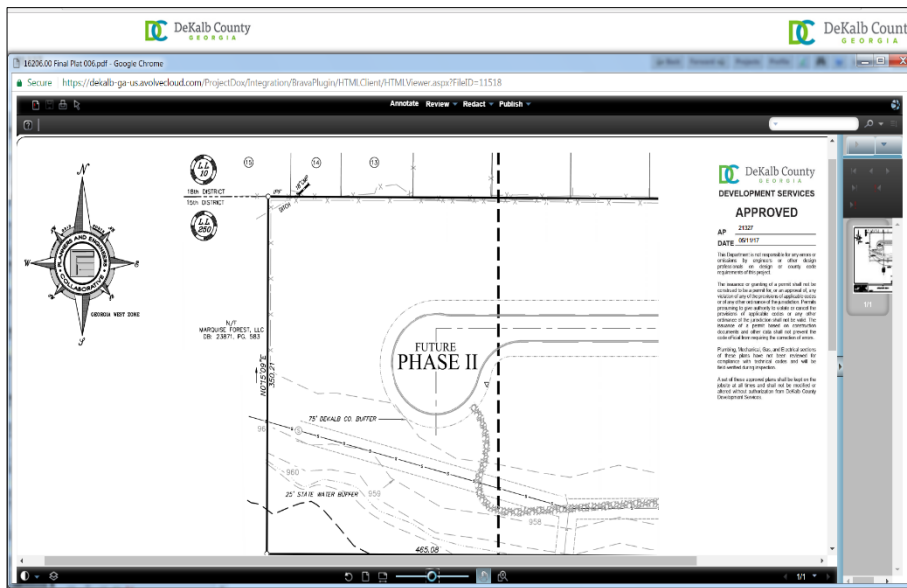

Over 200 residents, builders, architects, and engineers have saved time and money by submitting their plans electronically using ePlans.

### What is ePlans?

ePlans is a free program that enables applicants for Building Permits, Land Development Permits, or Zoning applications to submit their plans electronically from the comfort of your home or office.

### How does ePlans work?

The ePlans process begins by (1) Submitting an application for a Land Development Permit, Building Permit, or Zoning application in person to the Department of Planning and Sustainability, (2) Informing the intake staff you will be submitting plans through ePlans (3) Paying all required fees (4) Submitting plans electronically, (5) Receiving an electronic notification once the plans have been reviewed, and (6) Uploading revised drawings to ePlans if necessary. Constant communication is maintained between the customer and DeKalb County.

For more information about ePlans, visit [dekalbcountyga.gov/eplans](http://dekalbcountyga.gov/eplans), call 404-371-2155, or email [epplansinfobldgs@dekalbcountyga.gov](mailto:epplansinfobldgs@dekalbcountyga.gov).

Training sessions are being held upon request in the Clark Harrison Building at 330 West Ponce de Leon Avenue. Sign up for a training session today by contacting Bonnie Valentine at [gyvalentine@dekalbcountyga.gov](mailto:gyvalentine@dekalbcountyga.gov).
